

The Wellness Habitat Company
introduces Sanctuous™ Single Room
Healthy Living System and
Integrated experience.

DAYCARE AND SCHOOL

HEALTHY LIVING, EFFORTLESSLY

Create your **health sanctuary** in interior spaces with the basic product line **Sanctuous™**

Sanctuous™
*Eco-Balancing
Probiotic Single
Space Diffuser*

Our Environmental Probiotic System issues probiotic particles in the air to attack harmful bacteria, reducing the irritants of the surface and improving the overall quality in indoor environments.

Sanctuous™
*Deluxe Wall Mount
Air Purifier*

Our air purification system generates negative ions to clear the air of dust and other particles, producing activated oxygen and eliminating odors without the use of fragrances. A small amount of activated oxygen breaks down and oxidizes in its origin bacteria, fungi, mold, mildew and other pollutants.

Sanctuous™
*Point of Use Water
Filtration System*

Sanctuous™ provides you with the filtration technologies most advanced in the market, using multi-stage microfiltration to effectively reduce contaminants in your drinking water, proving to be exemplary in the elimination of chemical substances and toxic to give you a safer and healthier life.
